- *Repo*: https://github.com/Raimeeab/readme-generator

Weather Dashboard
Weather app that displays any city's five day forecast.
- *Repo*: https://github.com/Raimeeab/weather-dashboard
- *App*: https://raimeeab.github.io/weather-dashboard/

Work Experience

Retail Compliance Manager   03/2015 - Current
Chemist Warehouse | Sydney, NSW

I quickly got into a managerial role for my team building skills. I took the initiative to create friendly incentives between the team which led us to exceed our target by 1.1 million in the month of December alone. People know me as a positive and outgoing person who is always ready to help whilst also being open to learning from others.

- Organized initiatives, drafted documentation and enforce compliance with best practices.
- Built and strengthened relationships with regulatory representatives, vendors and company customers.
- Stayed up to date on company requirements and related legal standards for S2&S3 Training.
- Mentored employees and instructed on management of complicated sales, complex issues and difficult customers.
- Created engaging merchandise presentations to motivate impulse purchases.

Sales Events Coordinator   10/2019 - 10/2020

The Sydney Collective | Watsons Bay, NSW

- Cultivated relationships with clients throughout planning process and events to maximize satisfaction and encourage repeat business.
- Processed deposits and payments, updated accounts and managed paperwork for vendor and customer contracts.
- Multitasked effectively to handle administrative, operational and customer issues for multiple upcoming events.
- Managed Ivvy & ResDiary database for upcoming public and private events.
- Worked closely with team members to deliver project requirements, develop solutions and meet deadlines.

Education and Training

Full Stack Flex Program   Expected in 02/2022

University of Sydney | Sydney NSW

Theory and application of web development

- Ranked in Top 5% of class

Bachelor of Media Communications: Marketing And Film Production   01/2018
